Easter Diorama Challenge!

Dear Parent / Carer and Stage 3 Students,

This term, you have the exciting opportunity to create an Easter Diorama! You have free choice in how you design and build your diorama, so get creative and have fun!

To make your dioramas even more interesting, we encourage you to incorporate what we have been learning in class. You might like to include elements from our Science topic (Electricity and Electrical Circuits) or our History topic (Federation and Australia's System of Government).

Here are some ideas to get you started:

- Science: Could you add a simple circuit with a light to brighten up your scene? Maybe a moving part powered by a motor?
- History: Could you create a scene from 1901 when Australia became a nation? Perhaps a diorama of Parliament House or a voting booth?

Be as imaginative and innovative as you like! Your diorama should tell a story and reflect your creativity.

We can't wait to see what you create!

Happy designing,

Stage 3 Teachers

Sara Swift
Principal
